

One Man Band

Is any man an island, is any man a one-man band?

Find the key to his heart, you can take him by the hand.

I'll go with the flow, I'll bend like nature in the wind.

I know who I am, I can't change the skin I'm in.

Do you feel like you're heard or do you feel like you're howling at the moon?

There's a boy in mind, he takes his time, he plays his own tune.

The worst thing in life ...

...is not to look, not to try, not to ask, not to think, not to do.

Is any man an island, is any man a one-man band?
